HOMOEOPATHIC MEDICINES | PERSONAL CARE PRODUCTS

[www.adven.in](http://www.adven.in)

**Adven Biotech Pvt. Ltd.** is a professionally managed organization with complete hierarchy and organizational structure. We are a leading sales and marketing company providing superior Homoeopathic medicines under the brand “ADVEN” to millions of patients with a significant presence in every major Homoeopathic pharmacy in India.

Adven has a pan India representation and field sales staff of over 200 people. We have the industry's most modern manufacturing plant, and we are aiming for the leadership position in the Indian Homoeopathic healthcare.

Our product range, which is divided into three vertical that is Homoeopathic medicines, Personal Care products under the brand “Adven Naturals”, and Homoeopathic Veterinary medicines, reaches out to more than 20,000 physicians, 5000 pharmacies and over 1000 direct dealers across India.

Our company leads the Homoeopathic market with over 400 Mother tinctures including the rare ones, over 2500 dilutions of various potencies; A complete range of Bio-chemic and Bio Combinations, Trituration tablets, 1X Tablets range, Branded Tablet specialities, Branded and Generic Ointments, Branded Liquid specialities, A-Drops range, Folli Therapy Hair oils and Ophthalmic drops.

“Adven Naturals” range of Personal care products are the most innovative products in the industry. We provide the consumers with products that have the best packaging and are an amalgamation of latest cosmetic trend along with the age-old trust of Homoeopathy.

Homoeopathic medicines have a wide acceptability in the field of Veterinary Sciences. Our well researched product range fills up the gap where Allopathic and other medicines do not make their mark.

We couldn't have been what we are, without our dedicated work force of over 500 people who are the building blocks of our organisation.

Our management team comprises of highly experienced and motivated professionals who have decades of experience in the homoeopathic industry. They have worked round the clock to make Adven into India's leading brand of Homeopathic medicines.

Adven has a team of external consultants in the field of marketing, manufacturing practices and quality; who have the deep know-how of the industry and they share their knowledge with Adven to ensure that the brand reaches to the top of the pyramid.

The Indian government is very actively promoting the Homoeopathic system of medicines and we at Adven want to contribute to the cause. Adven is the brand leader in the industry when it comes to the supply of Homoeopathic medicines to various Government institutions.

Our brand portfolio is one of the largest in the industry. Some of the brands like Osteodin-Z Drops, Folliplus Drops, Laxease Tablets, Rheumax Tablets, Justin Cough Syrup and Ad-Liv Syrup are already enjoying the leadership in the Industry. Many more brands from our portfolio are on the verge of taking over the market leaders in a very short span of time.

We have an ultra-modern new age homoeopathic medicines manufacturing plant. Spread over an area of more than 65,000 square feet and this facility is the epitome of a modern automated plant.

We brought India's greatest minds in Allopathic, Ayurvedic and Homoeopathic medicine system to bring together India's best, professionally designed plant layout with highest degree of automation and controlled workflow.

All our tablets, ointments, syrups and drops are completely devoid of human touch during their production and primary packaging process, resulting in a more uniform and high quality contamination free product.

Adven uses the state of the art manufacturing machines and innovative technologies to ensure that any product which bears the brand "Adven" has the trust of the patient for its quality, efficacy, purity and safety.

We first started out in 2007 with an indomitable spirit to create safe and pure homoeopathic healthcare for India. Come 2022, and here we are. We stand tall as the youngest and the fastest growing brand in the Indian homoeopathic healthcare sphere.
